SECTION 2

Aims and objectives of the service

2.1 Our purpose

Catherine House exists to provide a stable, long-term home for adults with learning disabilities in which each person is known as an individual and supported to live a life that reflects their preferences, relationships, and aspirations.

2.2 Our aims

- To provide a home in which every resident feels safe, respected, and valued
- To support each resident to maintain and develop their skills, independence, and confidence in the areas of life that matter to them
- To ensure care and support is delivered with full regard to the individual's rights under the Mental Capacity Act 2005, the Human Rights Act 1998, and the Equality Act 2010
- To work in genuine partnership with families, advocates, and professional networks
- To maintain the standards expected by the Care Quality Commission across all five Key Lines of Enquiry, namely that the service is Safe, Effective, Caring, Responsive, and Well-led
- To be a good employer, developing and retaining a skilled, stable care team

2.3 Our objectives

- Every resident will have a person-centred care and support plan, reviewed at minimum annually and whenever circumstances change
- Every resident will be supported to access the community in line with their interests and capabilities
- Every resident will have their health needs monitored, with prompt liaison with primary and secondary care as needed
- Medication will be managed in compliance with our Medicines Management Policy (QCS CN02)
- Safeguarding will be managed in line with the Somerset Safeguarding Adults Board multi-agency procedures
- The service will adhere to, and be regularly audited against, the QCS policy framework

SECTION 4

How we deliver care and support

4.1 Person-centred approach

Every resident has a written care and support plan that is developed with them, their family or representative where appropriate, and the multidisciplinary professionals involved in their care. Care plans are kept under active review and updated whenever circumstances change materially.

4.2 Mental Capacity Act 2005

We assume capacity unless evidence indicates otherwise. Where a person lacks capacity for a specific decision, the decision is made in their best interests following consultation with those who know them, with formal best-interest processes and documentation as required. Deprivation of Liberty Safeguards (DoLS) are applied for where applicable. Our policy CR88 governs all work in this area.

4.3 Positive behaviour support

Behaviour that challenges is understood as communication. Our approach is guided by Positive Behaviour Support principles, with individualised plans drawn up in consultation with behaviour specialists where relevant, and regular review. Our policy CC141 governs this area.

4.4 Medication management

All medication is managed in line with our Overarching Medicines Management Policy (QCS CN02). Staff administering medication complete accredited medication training and have documented competency checks. Records are maintained in accordance with NICE guidance.

4.5 Safeguarding

We operate under Somerset Safeguarding Adults Board multi-agency procedures. Our internal policy CR74 governs safeguarding practice. Laura Luxon, as Registered Manager, is the designated safeguarding lead. All staff complete safeguarding training at induction and annually.

4.6 Equality, Diversity and Human Rights

We comply with the Equality Act 2010 and apply the public sector equality duty principles even where not strictly applicable. Our policy PE03 covers equality and diversity in service delivery and employment.

SECTION 5

Our staff

5.1 Staffing structure

Requires confirmation from Laura. Typical structure for a 5-bed residential LD service: Registered Manager, Deputy Manager (if applicable), Senior Support Workers, Support Workers, waking night staff. Please provide the current establishment and typical staffing levels by shift.

5.2 Recruitment

All staff are recruited under our Recruitment Policy (PR26), supported by Peninsula. Checks include enhanced DBS, right to work verification, full employment history, and reference checks. No offer is confirmed until satisfactory checks are in place.

5.3 Induction and training

All new care staff complete the Care Certificate standards within the first 12 weeks. Ongoing training includes statutory mandatory training, Positive Behaviour Support, Mental Capacity Act, Safeguarding, Medication Management, and learning-disability-specific modules, delivered via the QCS training framework.

5.4 Supervision and appraisal

All staff receive supervision monthly and a formal appraisal annually. Additional supervision is provided when needed, for example following an incident or when a staff member is managing new complexity.

5.5 Staff welfare

All staff have access to the Health Assured Employee Assistance Programme provided through our partnership with Peninsula. The service offers 24/7 confidential counselling, legal, and practical support.

SECTION 6

Resident voice and feedback

6.1 Involvement in care decisions

Residents are involved in decisions about their own care and support to the fullest extent possible, with appropriate support for decision-making as needed. Where capacity is limited for a specific decision, best-interest processes are followed.

6.2 Involvement in the running of the home

Needs confirmation: specific arrangements for residents' meetings, menu planning involvement, activities planning, etc. Please describe current practice.

6.3 Feedback from residents and families

We seek feedback continuously and through structured means. Families are encouraged to raise anything at any time with Laura. An annual feedback exercise captures views on the home and service.

6.4 Complaints procedure

Complaints are welcomed as opportunities to improve. Our policy QQ03 (Complaints, Suggestions and Compliments) governs our approach. Complaints are acknowledged within 3 working days and, in most cases, a full response is provided within 28 days. Residents and families can escalate concerns to the Local Government and Social Care Ombudsman or, for regulatory concerns, to the CQC.

> **How to complain or give feedback**
>
> In person or by phone to Laura Luxon, Registered Manager, on 01823 630750. By email to info@forwardsupport.co.uk. In writing to Catherine House, 131 Hamilton Road, Taunton, TA1 2EP. Care Quality Commission: 03000 616161 or cqc.org.uk.

SECTION 7

Admission and leaving the service

7.1 Criteria for admission

Catherine House admits adults aged 18 to 65 with a learning disability (and, where applicable, co-occurring conditions within our registered specialisms) for whom long-term residential care is the agreed care setting.

7.2 Assessment process

No resident is admitted without a full individual assessment. This assessment considers whether the home can meet the person's needs, whether the match with existing residents will work, the funding arrangements, and the person's own preferences.

7.3 Matching

Because Catherine House is a five-bed home, compatibility is central. We will decline a placement if we do not believe the person will thrive here, and we regard this as protecting the individual being referred.

7.4 Transitions in

We plan transitions at the pace that suits the individual. This may include multiple visits prior to move-in, a phased introduction, or a single move-in day.

7.5 Leaving the service

Most placements at Catherine House are long-term. Where a move becomes necessary, we work with the individual, their representatives, and the commissioning authority to plan a safe and appropriate transition.

SECTION 8

Regulatory and legal framework

8.1 Registration and regulation

Forward Support Care Ltd is registered with the Care Quality Commission under Provider ID 1-8336100647. Catherine House is a registered location under Location ID 1-18578774379.

8.2 Data protection

Forward Support Care Ltd is registered with the Information Commissioner's Office, registration reference ZB808447. All personal data is processed in accordance with the UK GDPR and the Data Protection Act 2018.

8.3 Insurance

Needs confirmation: please provide the name of insurer and the summary policy limits for Employers' Liability and Public/Professional Liability. Certificate held on premises.

8.4 Policies and procedures

The service is governed by the Quality Compliance Systems (QCS) policy framework, covering all CQC Key Lines of Enquiry. Policies are reviewed centrally and updated to reflect regulatory change, with local implementation monitored by the Registered Manager.

8.5 This Statement of Purpose

This Statement is reviewed at minimum annually, and whenever material change to the service, its aims, or its registration takes place. The current version is available on request and is provided to all residents, their representatives, and commissioning authorities.

This Statement of Purpose has been prepared under the Health and Social Care Act 2008 (Regulated Activities) Regulations 2014, Regulation 12. Forward Support Care Ltd, company number 12330119.
